INFORMATIONAL ITEMS:
- Upcoming Meeting Dates:
  o ZONING BOARD OF APPEALS MEETING: February 3, 2016
  o PLANNING BOARD MEETING: January 25, 2016 & February 29, 2016
  o VILLAGE BOARD MEETING: February 9, 2016

- Asked the Board to come up with dates for the Budget Workshops – 3rd Tuesday, February 16 7pm. All agreed.

- We have received several comments over the bridge on Route 17 on the graffiti and the State promised they were going to take care of it and then they said no because they don’t own the bridge it belong to Norfolk Southern. They gave the Village permission to cover up the graffiti and most people are happy with that. It was with the assistance of Assemblyman Skoufis.

- Water quality issues we received a Violation on the North Main Street and the River Road Wells. The projects to correct the problem have been completed. The testing is within the maximum contaminate level. They are very low but due to the fact that it works off a twelve month running average. Until we get a couple of quarters of good readings we are going to get the Violations even though the water is perfectly fine right now, but according to the Department of Health they still have to issue the violations because the average is above. Very shortly letters will be going out. Same type of violation letter that went out in the past along with a letter stating that the issues with those two wells have been addressed and everything is fine with them. There was one other well that came in with the uranium problem at this time and we took it off line until further notice.

- The insurance service organization which rates municipalities, fire companies and the like and is big determining factor in your homeowners and business liability insurance came in and just reevaluated everyone and you want a low number (0-9) we have been a 5. WE will remain a 5 if the State does their job. Otherwise we and most other municipalities around here will go to a 9 which will affect all of our insurances. The reason for this is that they have been waiting for two
years for the State of New York to adopt the 2012 Codes. Again, I have contact Assemblyman Skoufis’s Office and it is on their agenda to do it this year. The Assemblyman is aware of it and he is doing whatever he can do to get it pushed through. If it is not done by the end of this year I will raise the numbers and it will hurt all of us.

- The Pilgrim Pipeline and the SEQRA – the Village sent a letter to the DEC and to the Thruway along with many other communities stating that we did not want the Thruway to be Lead Agency for SEQRA with this proposed pipeline. The DEC came out and stated they will be Co-Lead Agency along with the Thruway which is better than just the Thruway handling it, but several Elected Officials have been talking and I am going to ask the Board for their approval to send a letter to the DEC requesting that the DEC be the soul Lead Agency on this SEQRA process and that the Thruway should not be involved in it.

**MOTION** was made by Trustee Shuart to approve in sending the DEC a letter on being soul Lead Agency in the SEQRA process.

**SECOND** was made by Trustee Farrell.

- For the last several years, every January I have been sending a letter to the Town of Monroe for money they owed us since May 2005. This year I also included in the letter issues with the highway exemptions. A letter they sent stating that their Animal Control officer will not respond to the Villages and issues with the Garbage District. Out of the clear blue we received the check from the Town of Monroe.

- Judge Drian went for a Justice Court Assistance Program Grant, which he did and a lot of work went into it. The Village of Harriman has been awarded $14,854.99. The majority of it will be for security and over the next couple of months the Judge will work with the Chief of Police to determine what would be the best use of these funds and more security will be implemented. Thank you Judge Drian.

- Addition on line 15 – Water Account 3175,  
Addition 9a – Surplus Equipment and 9b – Water Shut-Off’s

- Woodbury Zoning Board will have a Public Hearing tomorrow night at 7:30pm on the application – Uncle Bob’s Self Storage for an area variance permit. Looking to be putting up a two story self-storage building. They stated in their notice that it is located at 97 Maher Lane in Harriman. I did send them a letter stating that it is the Village of Woodbury.

- No over-night on street parking November 1st through April 1st 11pm – 6am and no on street parking during any snow events until it is cleared. I ask for everyone’s cooperation.
