Mayor stated in case you may or may not know, Governor Cuomo issued an Executive Order 203 which required that any municipality with a Police Department to review the policies and practices of the department to insure we are fairly, equitably and with justice policing in all of our community and all of our residence. Under the Executive Order the Chief Officer of the Municipality, in the Village of Harriman’s case, the Mayor was charged with putting a panel together of stake holders. A public meeting was held on February 2nd which included a presentation by Chief of Police Henderson, discussion sessions by the panel member as well as public comment from the public. The outcome of the meeting and discussions was a draft plan the Chief and I created. The plan was reviewed by the panel and published on the Village Website and available in Village Hall for public to review and comment on. Hard copies of the draft plan are also available here tonight.

Mayor asked have we receive any written comment?

Clerk replied no.

Mayor stated our tax levy for 2021-2022 is 1,952,050 million. It represents an increase of $41,056.00 or an increase of 2.148. Our 2% tax levy cap allowance is for 2.1766 so we are under the tax cap levy. The Town of Monroe will see an increase of .7384 cents per thousand which represents an increase of 1.429% and that can be represented as a $50,000.00 assessment increase of $36.92. Tax rates within the Town of Woodbury the increase is .51 cents. An increase of 2.059% and at a $100,000.00 assessment that would represent it as $51.21 increase. The budget includes our tax values within both towns have slightly increased during this period. There was a significant increase that we see for the Police Department Retirement Contribute for the fiscal year, which was an increase of $46,000.00 which was quite substantial this year especially compared to many years in the past. We also see that there was a decrease in the franchise fees that we can expect to receive, and it includes an additional of a vehicle for the PD Fleet and the DPW. We anticipate revenue increases for our courts once they open this year and our union base pay increases of 2% which are contractual and there is no increase to the Village Boards, Planning Board Members or Zoning Board Members this year.
Chief Henderson stated I would like to say good job to the Board. I know this was a hard budget this year. Especially with COVID and with revenue being down and everything else and to get under a 2% tax cap that is absolutely amazing. Very nice job for your first budget Lou.

Mayor stated once again Marie is just phenomenal as we all know. So, I would personally like to thank her too. Thank you Chief.

ATTORNEY COMMENTS
Attorney Darwin stated you have asked me to take a look at motion papers the Village has received due to a bankruptcy matter and I took a look through those papers and it doesn’t appear that it impacts the Village at all. It is a motion to leave open a very old bankruptcy case so that the debtor can claim a homestead exemption to avoid two judicial liens that are still in place, but as far as I can tell there is no impact on the Village at all.

Mayor asked why would we receive that?

Attorney Darwin replied because the Village is probably listed as a creditor back when this petition was originally filed about 10 years ago. So, there may have been an outstanding bill or matter.

Attorney Darwin continued I did take a look at the latest version of the Verizon re-lease and I think all the appropriate changes have been made with the exception of the clause that has to do with the provision of the electrical service. There is still the old language in there and I know that the Village Board had expressed a strong position that they (Verizon Wireless) would have their own meter and pay directly so that language has to be changed. Other then that I think the Board has to decide on what they want to do in terms of the lease payments. On 4 South Main Street matter, the bank has given conditional approval for a short sale. I would suggest that details of that be discussed in Executive Session because it involved contract negotiations and attorney client matters.
